

Winter Conservation Info Sessions and Meet & Greets For Landowners

From the USDA Natural Resources Conservation Service and
Rhode Island's Conservation Districts

Join us for a series of events where you can learn about conservation programs for Rhode Island farm and forest landowners. Meet representatives from the USDA Natural Resources Conservation Service and your local Conservation District, and have a chance to ask questions specific to your property after learning about federal funding opportunities. Each information session will be followed by an open house where you can learn more at your leisure.

All events are free but please RSVP so that we can prepare materials and notify you of any snow cancellations. We look forward to meeting you!

USDA NRCS is an equal opportunity employer, provider, and lender. If any reasonable accommodation is needed to ensure equal participation, please contact NRCS (401) 828-1300 at least two (2) business days prior to the meeting.
